TITRE I - ORGANISATION

CHAPITRE I. - DISPOSITIONS GENERALES

ARTICLE 1. Constitution et dénomination

En application des articles L5721-1 et suivants du code général des collectivités territoriales, il est créé un syndicat mixte à la carte dit "ouvert" qui prend la dénomination de "syndicat mixte de l'eau et de l'assainissement de Haute Garonne ou SMEA31", désigné ci-après sous l'appellation "syndicat mixte". Le Syndicat Mixte de l'Eau et de l'Assainissement de Haute-Garonne est propriétaire du nom de marque « Réseau31, une autre idée de l'eau ».

Outre les dispositions citées ci-dessus et les présents statuts, le syndicat mixte est régi au surplus en ce qui concerne son fonctionnement général par les dispositions applicables aux établissements publics de coopération intercommunale et s'agissant de son régime financier et comptable, par les articles L5722-1 et suivants du code précité.

ARTICLE 2. Composition

Le syndicat mixte regroupe :
le Département de la Haute-Garonne
des communes, des établissements publics de coopération intercommunale (EPCI) et des établissements publics dont la liste est annexée aux statuts.

ARTICLE 3. Siège

Le siège du syndicat mixte est fixé à Toulouse, 3, rue André-Villat Zi de Montaudran.

ARTICLE 4. Durée

Le syndicat mixte est constitué sans limitation de durée.

CHAPITRE II. OBJET ET COMPÉTENCES

ARTICLE 5. Objet

a) Le syndicat mixte est constitué en vue de la satisfaction des besoins communs dans le domaine de l'eau et de l'assainissement, d'ouvrages ou de services présentant une utilité pour chacun de ses membres, en fonction des compétences auxquelles ceux-ci auront adhéré et en vue d'assurer la défense des intérêts de ses membres.

b) Le syndicat mixte est un outil de coopération locale pour ses membres. Il s'inscrit dans un contexte de mise en commun de moyens et de solidarité entre collectivités et groupements de collectivités destinés :

- à lui permettre d'exercer pleinement les compétences qui lui ont été transférées,
- à réaliser des prestations intégrées auprès de ses membres pour l'exercice de leurs compétences,
- à lui permettre de bénéficier de prestations intégrées de la part de ses membres pour l'exercice de ses compétences.

Des conventions passées entre le syndicat mixte et chaque membre déterminent les modalités techniques et financières de réalisation de ces prestations intégrées qui donnent lieu à paiement. Les membres du syndicat mixte pourront, dans les mêmes conditions, mettre à disposition du syndicat mixte, par voie de convention, des services en vue de l'exercice de ses compétences.

Chaque membre du syndicat mixte ne pourra bénéficier de ces prestations que pour une compétence appartenant à un domaine de compétences, tel que défini ci-dessous à l'article 8.1, dans lequel il a transféré au moins une compétence sauf en ce qui concerne l'élaboration des schémas d'assainissement. En effet, l'élaboration des schémas d'assainissement des adhérents pourra être confiée au syndicat mixte (SMEA 31) par convention de prestations intégrées quelle que soit la compétence ou les compétences d'assainissement collectif ou non collectif qui lui aura ou auront été transférées(s) par l'adhérent eu égard à la transversalité de cette mission aux deux domaines d'assainissement. Il est précisé que les schémas d'assainissement incluent le réseau d'assainissement collectif et le réseau d'eaux pluviales. L'élaboration des schémas de distribution d'eau potable des adhérents pourra être confiée au syndicat mixte (SMEA 31) dès lors que la compétence A3 distribution d'eau potable lui aura été transférée par l'adhérent.

c) Le syndicat mixte est autorisé à intervenir dans le cadre de la loi n°85-704 du 12 juillet 1985 relative à la maîtrise d'ouvrage publique et ses rapports avec la maîtrise d'œuvre privée.

d) Le syndicat mixte peut intervenir pour le compte des usagers des services publics de l'eau ou de l'assainissement dont la compétence lui a été transférée.

e) Le syndicat mixte est habilité à présenter sa candidature auprès de l'Etat et à intervenir en qualité de gestionnaire mandataire au sens du code de l'environnement et notamment des articles L 214-3, ou de mandataire unique au sens notamment des articles L211-3 et R211-12 du même code.

f) A titre tout à fait accessoire à son activité principale mentionnée aux paragraphes ci-dessus, et sur le territoire du département de la Haute-Garonne et des départements limitrophes, le syndicat mixte peut se porter candidat en vue de l'attribution de marchés publics et contrats de délégations de service public ou répondre aux besoins de toute personne morale ou physique (notamment les usagers des services de l'eau ou de l'assainissement autonome ou collectif) dans l'un des domaines et compétences suivants :

- eau potable
 - assainissement collectif
 - assainissement non collectif
 - eaux pluviales (bassins de rétention et réseaux dès lors que ceux-ci sont séparatifs)
 - canaux et leurs accessoires, retenues et réseaux à des fins d'irrigation et de fourniture d'eau brute au sens des articles 151-36 à 151-40 du code rural et L 211-7 du code de l'environnement
- g) Le syndicat mixte peut réaliser son objet par voie d'exploitation directe ou par voie de délégation totale ou partielle de l'une ou plusieurs de ses compétences.
- Le syndicat mixte peut, en tant que de besoin, constituer une ou plusieurs règles afin d'exploiter directement un ou plusieurs services publics industriels et commerciaux relevant de ses compétences.

h) Le SMEA 31 est habilité à réaliser tout ou partie des missions d'assistance technique visées par l'article L 3232-1-1 du code général des collectivités territoriales sur délégation conventionnelle du Département. Cette délégation donnera lieu à l'élaboration d'une convention approuvée par le Bureau syndical, qui en fixera les conditions techniques et financières.

i) Le SMEA31 peut intervenir, sur demande expresse du maire, pour le compte des adhérents qui lui ont transféré au moins une compétence du domaine eau potable, afin de réaliser l'installation et l'entretien, sans préjudice des pouvoirs de police du maire concerné, des dispositifs de lutte contre l'incendie situés sur le réseau d'eau. Cette intervention du SMEA 31 donne lieu au remboursement par l'adhérent des frais engagés sur la base de la tarification votée par le syndicat. Une convention relative aux conditions administratives et techniques d'intervention sera conclue avec l'adhérent.

Le Conseil syndical, le Bureau, les commissions territoriales du syndicat mixte peuvent se réunir en tout lieu choisi par leur Président.

Le Président du syndicat mixte convoque le Conseil syndical 5 jours francs avant chaque réunion, par courrier postal ou électronique ou télécopie. En cas d'urgence, le délai de convocation est ramené à 3 jours francs. La convocation mentionne, la date, le lieu et l'ordre de jour de la réunion.

Toute commission constituée au sein du syndicat mixte est convoquée selon ces mêmes modalités, par le Président de celle-ci ou par le Président du syndicat mixte.

ARTICLE 18. Exercice du mandat des délégués

Le mandat d'un délégué au sein du syndicat mixte prend fin par la notification au syndicat mixte de la désignation, par l'organe délibérant de la personne publique qu'il représente, du nouveau délégué. Toutefois, la perte du mandat d'élu de la collectivité ou de l'établissement adhérent du syndicat mixte (démission, ...) entraîne l'impossibilité de siéger au syndicat mixte conformément à l'article 10-1 dès le caractère exécutoire de cet événement. ARTICLE 19.1. Quorum

Le Conseil syndical et le Bureau du syndicat mixte ne peuvent valablement délibérer qu'en présence de la moitié de leurs membres présents ou représentés.

Les Commissions territoriales ne peuvent valablement désigner leurs Présidents et Vice-présidents qu'en présence de la moitié de leurs membres présents ou représentés.

Toutefois, si le Conseil syndical, le Bureau et les commissions ne se réunissent pas au jour fixé par la convocation en nombre suffisant pour délibérer, la réunion se tient de plein droit, au plus tôt, deux

Jours francs plus tard et les délibérations sont alors valables quel que soit le nombre de délégués présents.

ARTICLE 19.2. Conditions de vote

Les délibérations sont prises à la majorité des suffrages exprimés sous réserve des modalités définies à l'article 22 relatif à la modification des statuts. Le mode de votation ordinaire est le vote à main levée. Sur demande des trois quarts des membres présents et représentés, il peut être procédé à un vote à scrutin secret.

Il peut être procédé aux désignations et aux élections parmi les membres du Conseil syndical y compris l'élection du Président ou de la Présidente, du Bureau et des commissions territoriales au scrutin public si l'unanimité des membres le décide.

La majorité des suffrages exprimés s'apprécie en fonction des seuls délégués habilités à prendre part au vote de la délibération en cause.

Lorsqu'il y a partage égal des voix et sauf cas de scrutin secret, la voix du Président est prépondérante.

Les délibérations du Conseil Syndical et du Bureau sont signées par le Président du Syndicat mixte. Le procès-verbal de la séance est approuvé par les membres de l'instance concernée lors de sa plus prochaine réunion, il fait l'objet d'un affichage dans les locaux du SMEA.

ARTICLE 20. Représentation en justice

Le syndicat mixte est représenté en justice et dans tous les actes de la vie civile par son Président, sous réserve des attributions propres que délient le Comptable. Les actions en justice sont engagées et soutenues en action et en défense, par le Président du syndicat mixte.

ARTICLE 21. Règlement intérieur

Un règlement intérieur adopté par le Conseil syndical complète et précise les dispositions des présents statuts.

CHAPITRE VI. MODIFICATION DES STATUTS

ARTICLE 22. Modification des statuts

Les modifications statutaires sont décidées par le Conseil Syndical, dans le respect des règles de quorum visées à l'article 19.1, selon les modalités suivantes :

- en ce qui concerne les adhésions et transferts de compétences complémentaires, à la majorité simple des délégués présents ou représentés,
- en ce qui concerne les retrais, reprises de compétence et toute autre modification, à la majorité des deux tiers des délégués présents ou représentés.

Les modifications statutaires sont arrêtées par le représentant de l'Etat dans le département siège du syndicat mixte à l'exception des transferts complémentaires et des reprises de compétences n'entraînant pas un retrait du syndicat mixte qui ne font pas l'objet d'un arrêté préfectoral.

CHAPITRE VII. RÉGIME COMPTABLE ET FINANCIER

ARTICLE 23. Dispositions générales.

Le syndicat mixte est soumis aux articles L5722-1 et suivants du code général des collectivités territoriales ainsi qu'aux dispositions comptables des instructions interministérielles sur la comptabilité. Est notamment applicable la circulaire n° LBL/B/03/10080/C du 24 novembre 2003.

ARTICLE 24. Liquidation des dépenses et des recettes

Le Président, ordonnateur du syndicat mixte, procède à la liquidation des dépenses et des recettes. Il établit et transmet au Comptable les ordres de paiement et les titres de recettes. Il tient la comptabilité de l'engagement des dépenses, de l'émission des titres de recettes et des ordres de paiement transmis au Comptable.

ARTICLE 25. Règles d'avances et de recettes

Conformément à l'article R1617-2 du code général des collectivités territoriales, il peut être créé, sur décision du Conseil syndical et avis conforme du comptable public assignataire, des régies. Les opérations de recettes et de dépenses y afférentes sont confiées à des régisseurs de recettes et de dépenses nommés par le Conseil syndical sur avis conforme du Comptable public. Les régisseurs agissent sous la responsabilité du Comptable public.

ARTICLE 26. Résultat d'exploitation et Compte de résultat

La détermination et l'affectation du résultat s'établiront conformément aux instructions comptables applicables au syndicat mixte.

ARTICLE 27. Amortissements

Les règles d'amortissement des biens meubles et immeubles qui se déprécient par usage, usure, vétusté ou en raison de l'évolution des techniques sont fixées par le Conseil syndical.

ARTICLE 28. Dotation initiale

La dotation initiale du syndicat mixte est constituée par la mise à disposition à titre gratuit des biens constatés par les procès-verbaux de mise à disposition.

CHAPITRE VIII. BUDGET

ARTICLE 29. Composition

Le budget du syndicat mixte comprend notamment :
en dépenses :

- les remboursements d'emprunts,
- les acquisitions de biens meubles et immeubles,
- les dépenses pour travaux ou entretien,
- les frais de fonctionnement du syndicat mixte,
- les charges à répartir sur plusieurs exercices,
- les provisions et amortissements,
- toutes autres dépenses afférentes à l'objet du syndicat mixte.

en recettes :

- les contributions des membres,
- le produit des emprunts,
- les subventions, les dons et legs,
- les dotations de l'Etat,
- les reprises sur provisions et amortissements,
- les produits à répartir sur plusieurs exercices,
- la part d'excédents de la section d'exploitation affectée à l'équipement,
- les remboursements de TVA,
- toutes autres recettes afférentes à l'objet,
- les recettes d'exploitation,
- les revenus des biens meubles ou immeubles du syndicat.

ARTICLE 30. Contributions

ARTICLE 30.1. Calcul des redevances du champ industriel et commercial

Pour chaque domaine eau potable et assainissement collectif, dans l'hypothèse de transferts partiels de compétences, la part de redevance revenant au syndicat mixte est arrêtée par le Bureau. Elle est calculée au prorata du coût réel de la compétence transférée au syndicat mixte.

ARTICLE 30.2. Contributions du champ administratif

Les compétences relevant du domaine « autres compétences liées au cycle de l'eau » ont un caractère administratif et relèvent du budget principal, soumis à l'instruction comptable applicable aux départements. Ce budget est équilibré par les contributions des membres du syndicat ayant adhéré aux dites compétences.

Ces contributions sont fixées chaque année par le Conseil syndical de la manière suivante :

- en matière d'eaux pluviales : les contributions relatives au fonctionnement sont fixées de manière forfaitaire par maître linéaire de réseau, par poste de relèvement et par bassin de rétention et peuvent tenir compte du caractère urbain ou rural de la collectivité. En matière d'investissement la contribution démandée à l'adhérent est proportionnelle aux dépenses réalisées par le syndicat après prise en compte des subventions et participations reçues.

- en matière de canaux, retenues et réseaux à des fins d'irrigation et de fourniture d'eau brute : les contributions sont proportionnelles aux dépenses programmées par le syndicat pour le compte de chaque membre ayant transféré des équipements dans cette compétence. Elles sont déterminées après prise en compte des subventions et participations reçues. Elles font l'objet d'un ajustement en fonction des dépenses effectivement réalisées.

- le transfert de la compétence collecte d'assainissement collectif au SMEA 31 entraîne le transfert de responsabilité à ce dernier de l'élaboration des schémas d'assainissement. Dans ce cas, le financement desdits schémas sera assuré par une contribution du budget général de l'adhérent versée au SMEA 31.

Les actions liées à l'objet social du syndicat mixte telles que son rôle en qualité de gestionnaire mandataire, d'organisme unique, donneront lieu à une contribution des membres établie sur la base des coûts directs et indirects de ces actions, déduction faite des aides et autres participations perçues. Cette contribution a un caractère administratif et relève du budget principal soumis à l'instruction comptable applicable aux départements.

ARTICLE 31. Dépenses d'administration générale

Les dépenses d'administration générale communes à l'ensemble des compétences du syndicat mixte sont supportées par chaque budget au prorata de son poids budgétaire. Le prorata est établi en prenant en compte, pour chaque budget, les dépenses réelles de fonctionnement, hors doubles comptes liés aux mouvements entre les budgets et à l'exclusion des charges financières. Ce prorata est établi sur la base des mouvements constatés dans le dernier compte administratif adopté. Dans l'hypothèse où le budget primitif de l'exercice est adopté préalablement au compte administratif du dernier exercice clos, il est procédé à un ajustement du prorata applicable à l'exercice dans le budget supplémentaire de l'exercice.

ARTICLE 32. Charges communes aux budgets annexes

La répartition des charges d'exploitation communes aux budgets annexes incluant les dotations aux amortissements des matériels utilisés en commun est opérée entre les budgets annexes concernés dans les conditions prévues à l'article précédent. Les acquisitions et travaux communs aux budgets annexes sont répartis suivant le prorata ci-dessus.

CHAPITRE IX. COMPTES DE FIN D'EXERCICE

ARTICLE 33. Comptes de fin d'exercice

En fin d'exercice, le Directeur Général fait établir, après inventaire, par le Comptable, la balance générale des comptes, le bilan, le compte d'exploitation et la situation de l'exécution du budget. Ces documents sont présentés en annexe au rapport général au Conseil syndical qui en délibère.

Le compte de gestion visé par le Président est soumis au Conseil syndical dans les délais réglementaires.

Le compte financier doit être accompagné des pièces et documents prévus par les textes en vigueur.

TITRE III - DISPOSITIONS TRANSITOIRES ET FINALES

ARTICLE 34. Dispositions transitoires et finales

La liste des biens et ouvrages transférés par les membres et prévue à l'article 8 fait l'objet d'un premier procès-verbal de mise à disposition établi provisoirement et contradictoirement entre les membres et le syndicat mixte. Un procès-verbal définitif est établi à l'issue d'une période de trois ans suivant la création du syndicat mixte.
